1)Use 3.7 m of nylon thread and thread your needle with a double strand, then start stringing beads as in the picture below.

Center of leather cord

※We show single strand only to make them easier to follow in the picture below.

Make a knot to end at the $\bullet$ mark and cut off the tail after you thread them into 2 or 3 beads.

※Please add or subtract beads to adjust ${ }_{8}$ to your desired length.
-Glue both knots of the START and the END to fix them.
-Cut off the tails you made at the beginning after you thread the tails into 2 or 3 beads.

2)Knot leather cords 3 times as in the picture below to make button holes and cut off the tails.
