It's a Wrap Bracelet

Supply List

Note: Smaller wrists will use less supplies.

- | | |
|-----------------------------------|--|
| 5g Size 11/0 Delica beads, DB038 | Small magnetic decorative clasp (approximately 1/2-inch in length) |
| 1 tube 3x5 Infinity Beads, silver | FireLine®, 6lb test |
| 5g 0 beads, magic blue | Size 12 beading needles, Tape measure |
| 150 True 2-mm, crystal, AB | |

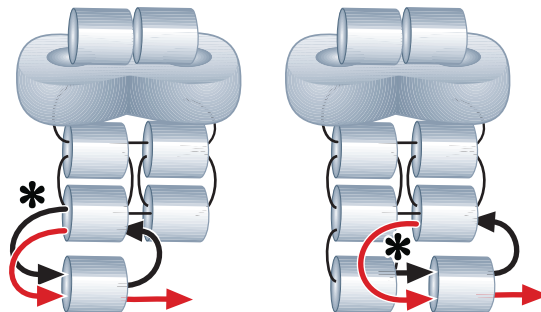

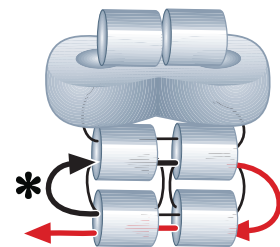

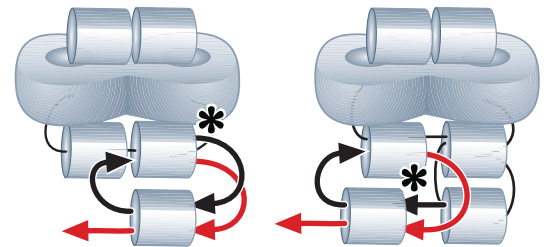

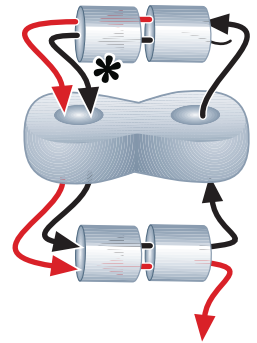

Instructions

In the drawings, the new row begins at the *

Create the Wrap Bracelet

Before starting, measure your wrist and note the number of inches.

1. Thread the needle with one wingspan of thread and leave a twelve-inch tail.
2. Pick up two Delicas and one infinity bead. Put the needle through one hole in the infinity bead. Pick up two Delicas. Put the needle back through the remaining hole in the infinity bead, and the first two Delicas added. Reinforce it, then move the needle through the second set of Delicas added.
3. Pick up one Delica, and square stitch. To square stitch, put the needle through the Delica, below it only. Put the needle back through the Delica just added.
4. With the needle coming out of the Delica just added, pick up a second Delica. Put the needle through the second Delica in the first row only. Put the needle back through the Delica just added.
5. Run the needle through the previous row and the current row one time to reinforce it.
6. Repeat Steps 3-6 one time.

7. Pick up one infinity bead, and put the needle through one of the holes. Pick up two Delicas. And put the needle back through the opposite infinity bead hole, and the last row of Delicas, square stitched. Reinforce it once, then move the needle to the middle of the set of Delicas in between the two infinity beads.
8. Position the needle so it is in between the two Delicas in the middle row of square stitch.
9. Pick up one O bead, and one True 2-mm crystal. Put the needle back through the O bead, and the opposite Delica (from where the thread is coming) in the square stitch.
10. Weave the needle through the next row of square stitch, one hole in the infinity bead just added, and the two Delicas just above the last infinity bead.
11. Repeat Steps 3-10 until the bracelet is three times the size of your wrist plus ¼-inch. Add thread as necessary by weaving it in, tying half-hitch knots and ending it.
12. After adding the final infinity bead on your bracelet, pick up two Delicas, and put the needle through one hole in the infinity bead. Put the needle through the previous two Delicas in the last square stitch created. Put the needle back through the opposite hole in the infinity bead, then back through the two Delicas. Leave the remaining thread in place.

Attach the Clasp

Note: Before attaching the clasp, make sure the bracelet wraps around your wrist three times.

13. Thread the twelve-inch tail. Pick up two Delicas and put the needle through the connector on one side of the clasp. Pick up two Delicas and put the needle through the two Delicas a top of the first infinity bead. Reinforce it several times, weave in the thread, tie half-hitch knots and end it.
14. Repeat on the opposite end using the remaining working thread.
